

South Cotswold Rangers

In the summer of 2012, South Cotswold Rangers are setting off on an adventure across Europe. We will be leaving our homes in Bristol and travelling to Italy, Croatia, Hungary, Romania and France. During our adventure, we will be spending a week working alongside Nightingale Children's Project in Romania to support the variety of projects which they have set up.

We have created a badge scheme based around the countries which we will be visiting, to help raise funds for us to go on this trip. Please show us your support by ordering some badges and enjoy travelling across Europe with your girls and fellow Guiders.
